Criteria for granting a special permit:

Section 6.6 of the Town of Shelburne Zoning Bylaw, details the criteria the Board must consider before granting a Special Permit:

6.6 Criteria: Special Permits shall be granted by the SPGA, unless otherwise specified herein, only upon its written determination that the benefits to the town and the neighborhood outweigh the adverse effect of the proposed use, taking into account the characteristics of the site and of the proposal in relation to that site. In addition to any specific factors that may be set forth in the By-Law, the determination shall include consideration of each of the following:

6.6.1. Social, economic, or community needs which are served by the proposal:
6.6.2. Adequacy of vehicular and pedestrian traffic safety on and off the site, and adequacy of parking and loading;
6.6.3. Adequacy of utilities and other public services;
6.6.4. Potential fiscal impact, including impact on town services, tax base, and employment, and
6.6.5. Surface and ground water run-off.

The full text of the Shelburne Zoning Bylaw is available online at http://www.townofshelburne.com/zoning.

**Criteria for Granting a Variance:**

The ZBA must specifically find that owning to circumstances relating to the soil conditions, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the by-law would involve substantial hardship, financial or otherwise, to the applicant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of the by-law. Variances may only be given for dimensional deviations not “use.”

**Conditions:**

Special permits may be granted with such reasonable conditions, safeguards, or limitations on time or use, including performance guarantees, as the ZBA may deem necessary to serve the purposes of the By-Law and in the best interests of the Town of Shelburne.

**STEP VIII. AFTER THE HEARING**

1. **RECORDS AND FILLING REQUIREMENTS by the ZBA**

The ZBA shall make a record of its proceedings and record the vote of each member and set forth the reasons for its decision. Copies of this record shall be filed with the Town Clerk within 14 days of the decision and shall be deemed a public record.

2. **APPEALS**

Appeals of the ZBA’s decisions, if any, must be filed with the Town Clerk and with the appropriate court of law within 20 days after the date of filing of the decision. (MGL Ch. 40A Sec. 17).

3. **FINAL FILING REQUIREMENTS by the APPLICANT**

The successful Applicant must file the original copy of the decision of the ZBA with the Franklin County Registry of Deeds within two years. No special permit, variance, or any extension, modification or renewal thereof, can take effect until a copy of the decision bearing the certification of the municipal clerk is recorded in the registry of deeds or is recorded and noted on the owner’s certificate of title. The fee for recording or registering shall be paid by the owner or applicant. Prior to filing the original, the applicant should make sufficient copies of the decision for personal files, the Building Inspector, and any other interested parties.
