Article 18: Right to Farm

18.1 Intent and Purpose

The Town of Shelburne finds that farming is an essential and valued activity, which provides fresh food, clean-air, economic diversity and open spaces to all the citizens of our town. This bylaw is intended to encourage the pursuit of agriculture, promote agricultural-based economic opportunities, and protect farmland within the Town of Shelburne.¹ The purpose is to allow agricultural uses and related activities to function with minimal conflict with citizens, town agencies and others.

18.2 Definitions

“Farm” shall include any parcel of land and or water bodies used for the primary purpose of agriculture and or its accessory uses and consisting of at least 5-acres.

¹ Statutes that pertain to this bylaw include: MGL Ch. 40A Section 3; Ch. 90 Section 9; Ch III Section 125A, and Ch. 128 Section 1A.

- “Farming” or “Agriculture” shall include but not be limited to the following:

“Farming” shall also encompass activities including but not limited to, the following:

18.3 Right to Farm Declaration

The Right to Farm is hereby recognized to exist within the Town of Shelburne. The above-described agricultural activities may occur and shall include the attendant incidental noise, odors, dust, and fumes associated with normally accepted agricultural practices. It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming

to the neighborhood, community, and society in general. The benefits and protections of this bylaw are intended to apply exclusively to those commercial agricultural and farming operations and activities conducted in accordance with generally accepted agricultural practices. For any agricultural practice, in determining the reasonableness of the time, place, and methodology of such practice, consideration shall be given to both traditional customs and procedures as well as to new practices and innovations. The protections contained in this bylaw do not replace any applicable zoning or legal restrictions associated with agricultural operations.

18.4 Notification to Real Estate Buyers

In order to promote harmony between farmers and their new neighbors, the Town of Shelburne requests selling landholders and/or their agents (and assigns) to provide notice to prospective purchasers as follows:

“It is the policy of this community to conserve, protect, and encourage the maintenance and improvement of agricultural land for the production of food and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers that the property they are about to acquire lies within a town where farming activities occur. Such farming activities (which may occur on holidays, weekdays, and weekends by night or day) may include, but are not limited to, activities that cause noise, dust and odors. Occupying land within Shelburne means that one should expect and accept such conditions as a normal and necessary aspect of living in such an area.”

A copy of the above disclosure notification shall be posted in the Town Hall and be available for distribution from the Planning Board or its designee. Copies shall also be mailed to all town residents from time to time.

18.5 Dispute Resolution

In the event of a dispute, the aggrieved party may apply in writing to the Planning Board, or its designee, outlining the issues for redress. The Planning Board, or its designee, will appoint a panel of at least three individuals to hear the issues. The panel will have broad authority to research the complaint and may invite interested parties to attend a hearing to offer input. Within 60 days of the complaint the panel will issue a decision with which the affected parties agree to comply.

18.6 Rules of the Road

Slow Moving vehicles

Most farm vehicles, construction rigs, and other slow-moving vehicles have orange warning signs mounted at the rear of the vehicle. If you approach such a vehicle, reduce your speed and use the same caution you would with bicyclists and pedestrians. Allow plenty of space around the vehicle if you plan to pass.

Animals and Horse Drawn Vehicles

Always give the right-of-way to any animal that someone is leading, riding or driving. Animals are easily frightened by motor vehicles, so when you approach any animal or horse-drawn vehicle, remember to be careful:

- Slow down
- If the animal or vehicle is coming toward you or is crossing your path, stop and allow the animal to pass.
- If the animal or vehicle is traveling in the same direction you are, allow plenty of room for passing safely and also reasonable speed.
- Do not sound your horn or make loud noise.
- If the animal you are passing appears frightened, you must pull your vehicle to the roadside and stop.
- Proceed only when it is safe.
- You must stop if a rider or driver signals you to do so. In rural areas, take extra care when passing hay rides, which are usually animal drawn and full of passengers.

18.7 Severability

If any part of this By-law is for any reason held to be unconstitutional or invalid, such decision shall not affect the remainder of this By-law. The Town of Shelburne hereby declares the provisions of this By-law to be severable.

ARTICLE 19: REPEAL

Section 1: Upon acceptance of the foregoing by-laws by the Town, approval of the same by the Attorney-General, and their publication as required by law, all by-laws, heretofore existing shall be annulled and repealed.
